Products now revert to Bank of England Base Rate (BBR) trackers

- On expiry of the fixed rate (the Starting Rate*), the Term Loan will revert to a rate of interest which will be variable at a Margin above the Bank of England Base Rate
- The variable rate of interest will move up and down in line with the Bank of England Base Rate, however if the Bank of England Base Rate falls below 0.75% the interest rate you're charged won't change, this is referred to as the minimum floor
- If the Bank of England Base Rate reaches 3%, the minimum floor rate becomes 3%
- In all cases the Starting Rate at completion is the lowest rate payable regardless of future changes to the Bank of England Base Rate
- Changes to the Bank of England Base Rate, subject to the minimum floors, will take effect from the 1st of the month immediately following the announcement of the change in the Bank of England Base Rate. Your new rate will be calculated by taking the Margin applicable to the Term Loan plus the Bank of England Base Rate.

*** The Starting Rate is the Margin plus the higher of either the Bank of England Base Rate at the date of commencement of the Term Loan or 0.75% and will be defined in the AIP and Facility Letter.**
