PRODUCT OVERVIEW

First and second charge regulated bridging loans secured against residential property, assisting borrowers with their everyday short-term funding requirements.

LIGHT REFURBISHMENT

Light refurbishments are typically where the total cost of works is less than 20% of the current value and the works do not require planning permission. They usually involve internal works such as redecorations, new kitchens and bathrooms and internal reconfigurations. Structural changes and small extensions under permitted development rights can be considered provided the property is residential at the outset and remains residential after the works are completed.
